ARTHA RESOURCES CORPORATION

Form 51-102F1

MANAGEMENT DISCUSSION AND ANALYSIS 1ST QUARTER ENDED MARCH 31, 2008

General

The following discussion and analysis, prepared as of May 27, 2008, should be read in conjunction with the Company's financial statements for the period ended March 31, 2008 and related notes. The Company's financial statements are prepared in accordance with Canadian Generally Accepted Accounting Principles. The Company's reporting currency is Canadian dollars. The date of this Management Discussion and Analysis is May 27, 2007. Additional information on the Company is available on SEDAR at www.sedar.com.

Statements in this report that are not historical facts and are forward looking statements involving known and unknown risks and uncertainties which could cause actual results to vary considerably from these statements. Readers are cautioned not to put undue reliance on forward-looking statements.

Nature of Business

Artha Resources Corporation ("Artha" or the "Company") was a Capital Pool Company ("CPC") as defined by Policy 2.4 of the TSX Venture Exchange (the "Exchange") until March 06, 2008. Effective March 06, 2008 the Company completed its Qualifying Transaction. Upon completion of the Qualifying Transaction the Exchange reclassified the Company as a Tier 2 listed company under the trading symbol of AHC.

Overall Performance

Effective March 6, 2008, the Company completed its qualifying transaction and began trading on the TSX Venture Exchange on March 7, 2008. The Company entered into a formal Option Joint Venture Agreement with Energy Metals (US) Corporation ("Energy Metals Agreement"), a wholly owned subsidiary of Uranium One, wherein the Company can earn up to a 70% interest in the Properties.

Pursuant to the Energy Metals Agreement, the Company may exercise its right to earn up to a 60% interest in the Properties by, among other things:

1. issuing to Energy Metals:
 - a. 415,765 Appropriately Adjusted Shares as soon as practicable following the first anniversary of Regulatory Approval;
 - b. a further 465,765 Appropriately Adjusted Shares as soon as practicable following the second anniversary of Regulatory Approval;
 - c. a further 465,765 Appropriately Adjusted Shares as soon as practicable following the third anniversary of Regulatory Approval;

- d. a further 465,765 Appropriately Adjusted Shares as soon as practicable following the fourth anniversary of Regulatory Approval; and
2. incurring minimum exploration expenditures over a five-year period on one or more Properties, all of which expenditure obligations may be accelerated at the Company's option, as follows:
 - a. \$500,000 within 18 months of Regulatory Approval;
 - b. a further \$1,000,000 within 30 months of Regulatory Approval;
 - c. a further \$1,000,000 within 42 months of Regulatory Approval;
 - d. a further \$1,000,000 within 54 months of Regulatory Approval; and
 - e. a further \$1,500,000 within 60 months of Regulatory Approval.

Upon satisfying conditions 1 and 2 above, a 60% interest in the Properties shall vest in the Company.

The timing of the issuance of the aggregated 881,530 Appropriately Adjusted Shares under conditions 1(a) and 1(b) above shall be adjusted, at all times prior to the date of the second anniversary of Regulatory Approval, to the extent necessary to ensure that, following any such issuance, the total number of Voting Securities that Energy Metals directly or indirectly beneficially owns, controls, has direction over, or has through a combination of direct or indirect beneficial ownership of and control or direction over, does not exceed 9.99% of the total number of issued and outstanding Voting Securities. In the event that any Appropriately Adjusted Shares are not issued by Artha due to the operation of the foregoing adjustment, Artha shall issue such Appropriately Adjusted Shares to Energy Metals as soon as practicable following the third anniversary of Regulatory Approval.

Pursuant to the Second Option the Company may elect to earn an additional 10% interest in the Properties for a 70% interest in total, by notifying EMC-USA of its intention to pursue the Second Option, and by paying all exploration and development costs, including the costs of a feasibility study, after the above 60% interest in the Properties vests in the Company and, subject to force majeure provisions, delivering to EMC-USA a feasibility study in respect of one or more of the Properties on or before 18 months after the date such 60% interest in the Properties so vests.

Additional Rights of Energy Metals and EMC-USA under the Energy Metals Agreement

Provided EMC-USA is not in default of its obligations to the Company under the Energy Metals Agreement:

1. EMC-USA shall hold a right of first refusal to process ores or resins from the Properties that are not processed directly by the Company;
2. EMC-USA shall have the option to purchase back from the Company an interest in a particular Property as to take EMC's interest in such Property up to 50%. If a feasibility study has not been prepared for such Property, EMC-USA may exercise this right by paying to the Company a cash amount equal to three times the amount of expenditures incurred by the Company on the Properties, within 60 months of Regulatory Approval. If a

feasibility study has been prepared for such Property, EMC-USA may exercise this right by paying to the Company a cash amount equal to five times the amount of expenditures incurred by the Company on the Properties, within 90 days of receiving the feasibility study relating to the Property; and

3. Energy Metals or its designees shall have the right to participate in any Subsequent Financing for a period of twelve months following Regulatory Approval. Such participation shall not exceed the percentage of the Subsequent Financing that the number of Shares issued by the Company to Energy Metals under the Energy Metals Agreement is as a percentage of the total Shares outstanding on the date of such issuance, provided that in no event shall Energy Metals or its designee collectively own or control in excess of 19.98% of the outstanding Shares as a result of such purchase.

At the Company's next shareholder meeting after February 25, 2008 at which directors of the Company are to be elected, EMC-USA shall have the right to nominate two directors for election, which nominees shall be put forward as by the Company as management candidates for election.

In conjunction with the acquisition of an interest in the property the Company completed a non-brokered private placement of gross proceeds of \$1,515,950.10 by issuance of 4,331,286 units at \$0.35. Each unit consists of one common share and one share purchase warrant. Each warrant is exercisable for a period of two years from the closing date into one common share of the Company at a price of \$0.65 per share. Proceeds from the private placement will be used to fund exploration and development work on the advanced uranium properties recently acquired from Energy Metals, as well as general corporate purposes.

Summary of Quarterly Results

	March 31, 2008	December 31 2007	September 30, 2007	June 30, 2007
Total revenues	\$9,679	\$11,054	\$2,969	\$3,086
Net loss	\$143,449	\$166,204	\$64,999	\$18,192
Net loss per share	\$0.018	\$0.024	\$0.010	\$0.003
Total assets	\$1,523,769	\$1,300,346	\$265,529	\$324,753
Total liabilities	\$100,890	\$14,343	\$16,323	\$15,043

	March 31, 2007	December 31 2006	September 30, 2006	June 30, 2006
Total revenues	\$3,014	\$3,250	\$3,632	\$1,805
Net loss	\$1,570	\$45,928	\$11,249	\$37,770
Net loss per share	\$0.0002	\$0.007	\$0.002	\$0.009
Total assets	\$336,907	\$341,862	\$380,561	\$409,942
Total liabilities	\$9,725	\$13,110	\$5,206	\$23,338

Results of Operations

During the three month period ending March 31, 2008 the company incurred a net loss of \$143,449, which include expenses of \$78,641 for the identification of the qualifying transaction. Office and general expenses for the current quarter were \$18,741 due to the increased activity of the company.

The company started exploration work on its properties acquired from EMC US in the state of Wyoming. A consulting Geologist started retrieving and reviewing the historical data on these properties. Exploration costs of \$67,264 were deferred as Mineral properties.

Liquidity and Capital Resources

As at March 31, 2008, the Company had working capital of \$1,355,615 (December 31 2007 - \$1,286,003), which is sufficient for the Company to meet its ongoing obligations.

The increase in working capital is due to the company completing its non-brokered private placement of gross proceeds of up to \$1,515,950.10 by issuing 4,331,286 units at \$0.35. Each unit consists of one common share and one share purchase warrant. Each warrant is exercisable for a period of two years from the closing date into one common share of the Company at a price of \$0.65 per share

Risk and Uncertainties

The company is in the mineral exploration and development business and as such, is exposed to a number of risks and uncertainties that are not uncommon to other companies in the same business. The industry is capital intensive and subject to fluctuations in metal prices, market sentiment, foreign exchange and interest rates. There is no certainty that properties which the company has deferred as assets on its balance sheet will be realized at the amounts recorded.

The only sources of future funds for further exploration programs, or if such exploration programs are successful for the development of economic ore bodies and commencement of commercial production thereon, which are presently available to the company, are the sale of equity capital or the offering by the company of an interest in its properties to be earned by another party carrying out further exploration or development. Although the company was successful in accessing the equity market during the past year, there is no assurance that such sources of financing will be available on acceptable terms, if at all. Management at this time has no reason to expect that this capability will diminish in the near term.

Off-Balance Arrangements

The Company has not entered into any off-balance sheet financing arrangements.

Related Party Transaction

All transactions with related parties occurred in the normal course of business and were measured at the exchange amount, which was the fair value as agreed between management and the related parties. The balances disclosed in the financial statements were unsecured receivable or payable upon demand and arose from the provision of services, expense reimbursements or advances. All material transactions and balances with related parties are described below.

During the three month period ended March 31, 2008 the company paid \$15,000 (2007 - \$25,000) to a director of the company for technical review and evaluation of the exploration projects.

During the three month period ended March 31, 2008 the company paid \$5,000 (2007 – \$nil) for professional services of that director as of President of the company.

During the three month period ended March 31, 2008 the company paid \$4,000 (2007 - \$nil) for professional services of that director as of Chief Financial Officer of the company.

Outstanding Share Data

As at May 27, 08, the company had outstanding:

11,331,287 issued and outstanding common shares

4,331,286 warrants

932,500 directors & employee incentive stock options

Subsequent Events

The company acquired and reviewed significant historical data on its WY projects.

The company granted 217,500 incentive stock options at an exercise price of \$0.35 per share.

The company engaged Progressive IR Consultants Corp. to provide investor relations and communications services. The Service Agreement is drawn for an initial term of one year commencing May 8th, 2008. Progressive will be paid a monthly fee of \$7,500.00 and has been granted incentive stock options entitling it to purchase up to 50,000 shares of Artha at a price of \$0.35 per share until May 13, 2010. The stock options are subject to vesting as to 25% upon issuance and 25% each six months thereafter pursuant to the Company's Stock Option Plan.

Other Information

The Company has designed and put in place internal controls over financial reporting and the Chief Executive Officer and Chief Financial Officer have reviewed the process and have concluded that the controls in place give reasonable assurance that relevant and reliable financial information is available for reporting and for the preparation of interim and annual financial statements in accordance with Canadian GAAP. The internal controls have an inherent weakness in the area of management override and segregation of accounting duties, in that the accounting staff is small in number and it is not practical or cost effective to increase accounting personnel to enable the segregation of all accounting duties in a company of this size.
